Word Explanation

CE: Casual Engine

Microsoft .NET Framework: It is the platform for new kind of software to run on. It is the heart of Windows operating system.

Parameter

Fee: 20.00 US dollar. Enterprises, governments and commercial organizations have to pay 20 US dollars for each computer. Individuals can use it for private use without amount limitation after purchase. This fee includes all the future update, upgrade and long-term technical support.

Version: 1.0

Operating System: It does not support Linux. It supports:

Windows 7/Vista/XP/2000/98. Vitally, it supports Windows Server 2008/2003/2000 and their R2 editions.

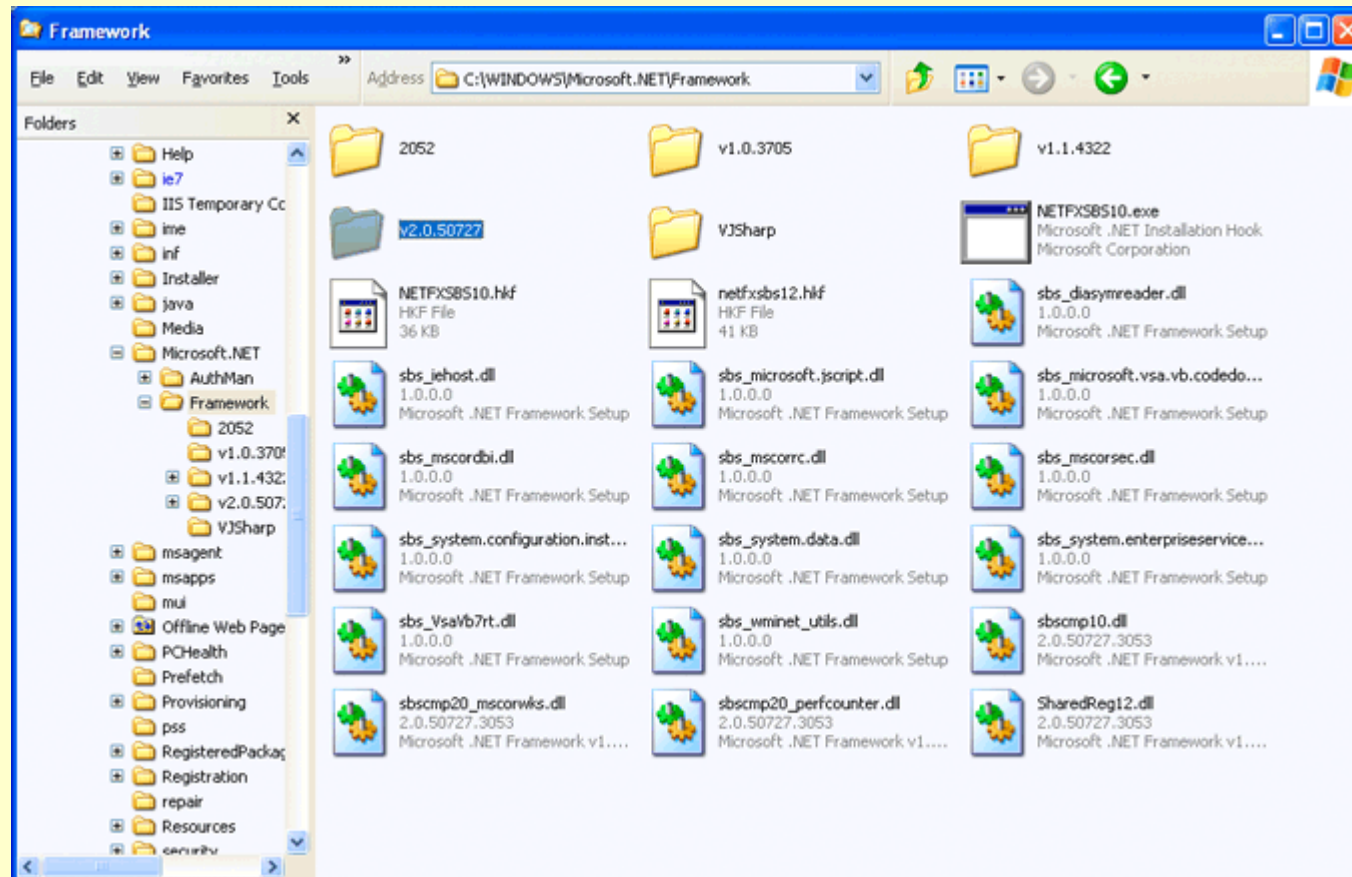

CPU: 400MHz. You can definitely run this software if your computer can start.

RAM: 12MB.

Hard Disk: 24KB. You do not have to worry about the hard disk at all.

Installation

Notice that this software requires *Microsoft .NET Framework 2.0* and SP2. You have to install them first.

To see whether your computer has already installed this platform. You can check your computer.

C:\WINDOWS\Microsoft.NET\Framework

You can see the folder: **v2.0.50727**. If you cannot find it, you have to go to Microsoft Download Center to download and install them.

Overview

The .NET Framework 2.0 Service Pack 2 provides cumulative roll-up updates for customer reported issues found after the release of the .NET Framework 2.0. In addition, this release provides performance improvements, and prerequisite feature support for the .NET Framework 3.5 Service Pack 1.

Please review the supported operating systems for this deployment package in the System Requirements section. The corresponding updates for Windows Vista and Microsoft Windows 2008 are deployed via the full .NET Framework 3.5 service pack 1.

[Top of page](#)

System Requirements

- Supported Operating Systems:** Windows Server 2003; Windows XP
- Processor:** 400 MHz Pentium processor or equivalent (Minimum); 1GHz Pentium processor or equivalent (Recommended)
- RAM:** 96 MB (Minimum); 256 MB (Recommended)

Then, you have to download its SP2: *Microsoft .NET Framework 2.0 Service Pack 2*. The URL is:
<http://www.microsoft.com/downloads/details.aspx?FamilyID=5b2c0358-915b-4eb5-9b1d-10e506da9d0f&DisplayLang=en>

Tip: *Microsoft .NET Framework 2.0* and SP2 are extremely important for new kind of software. CE

strongly recommends you to save them in your flash drive and portable hard disk. You do not have to access the Internet and download them repeatedly, if you use other computers. Many computers have not yet installed them by default.

After installation of the *Microsoft .NET Framework 2.0 SP2* platform, you can unpack the .zip file and open the folder. It has two editions: *USB* and *Installation*.

The USB edition does not require installation at all. You can simply double-click **CE Notepad.exe** to run this software. It does not write data into Windows Registry or hard disk at all. It just runs on the memory temporarily. Besides, after closing the software, it will be totally removed from your computer.

It supports 32 and 64 bit systems at the same time.

It does not contain icons. Therefore, it uses the default icon of *Windows* operating system. Indeed, it looks ugly. You should complain about Microsoft Corporation. Note that it is not virus. You should not mistake it later. You should save it in your flash drive or portable hard disk.

The USB edition is quite useful if you use other people's computers. It is impolite to install software in computers of your friends. Similarly, you may not be allowed to install any software in office or other public computers, because these computers have been locked. You can still use this software if you use the USB edition. Definitely, to use this software, you have to persuade the owners to install the *Microsoft .NET Framework 2.0 SP2* platform first.

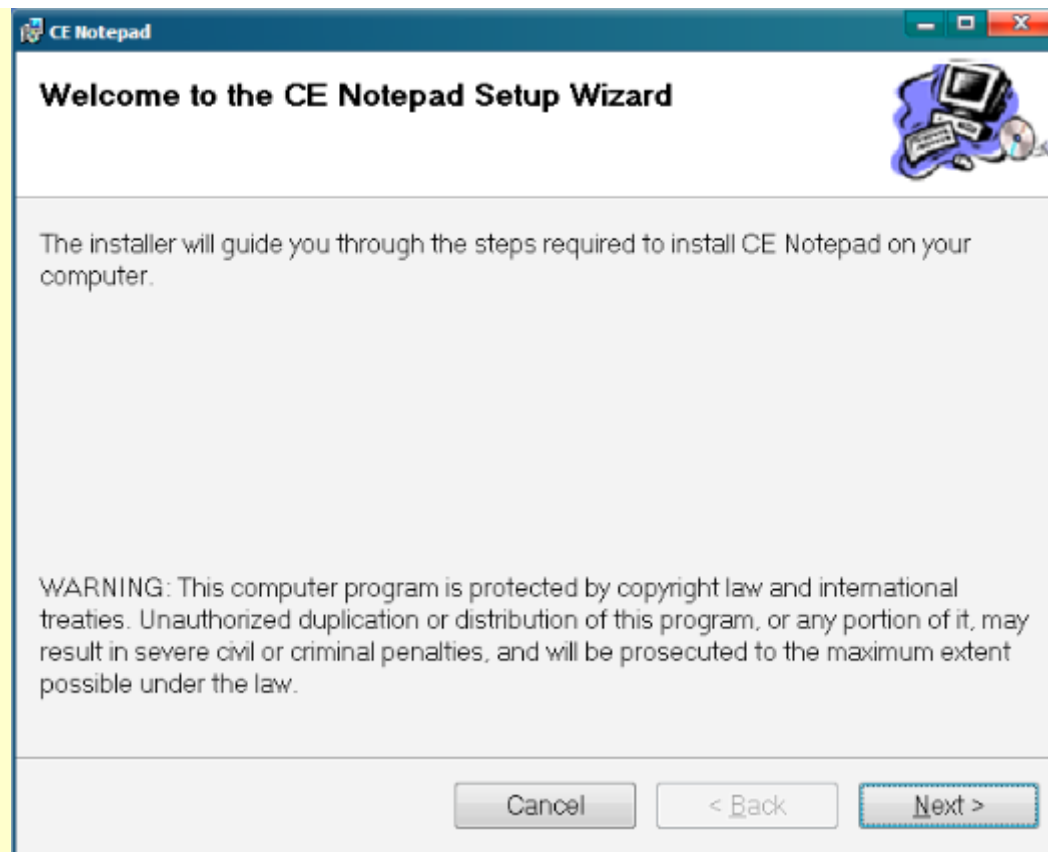

Definitely, you can install the software directly, if you are using your own computer.

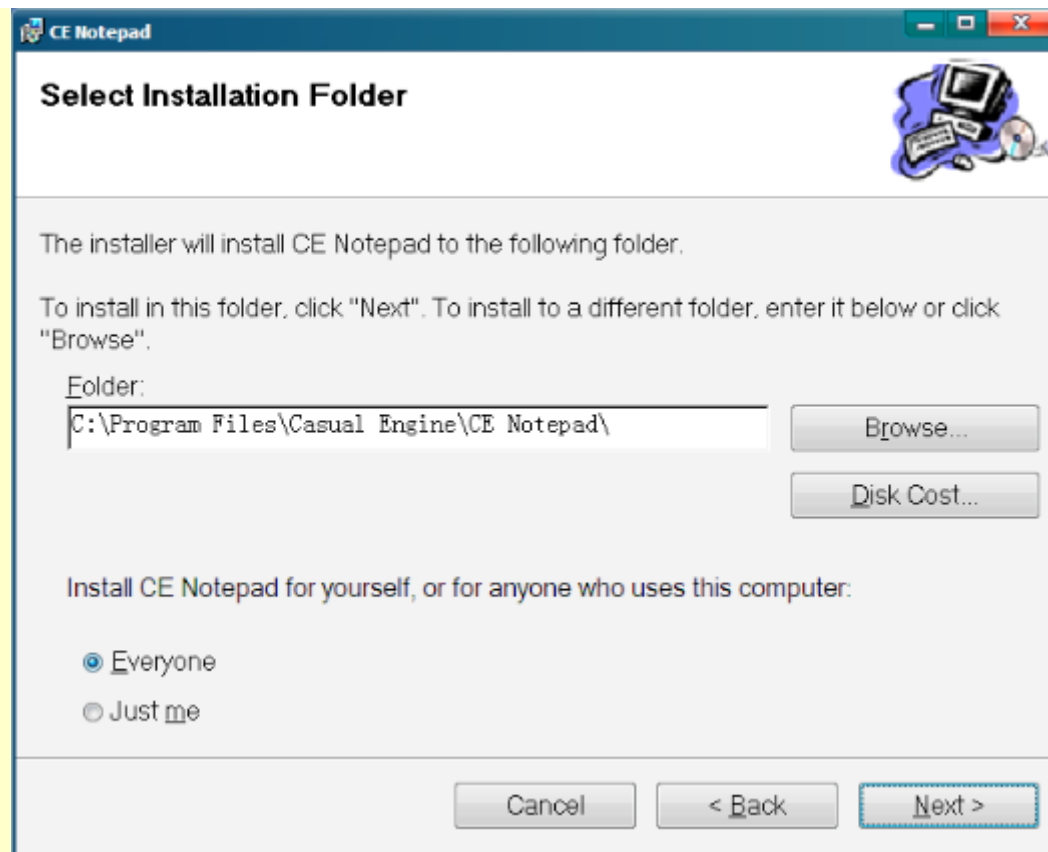

Then, you have to choose the system first. x86 means 32 bit while x64 means 64 bit.

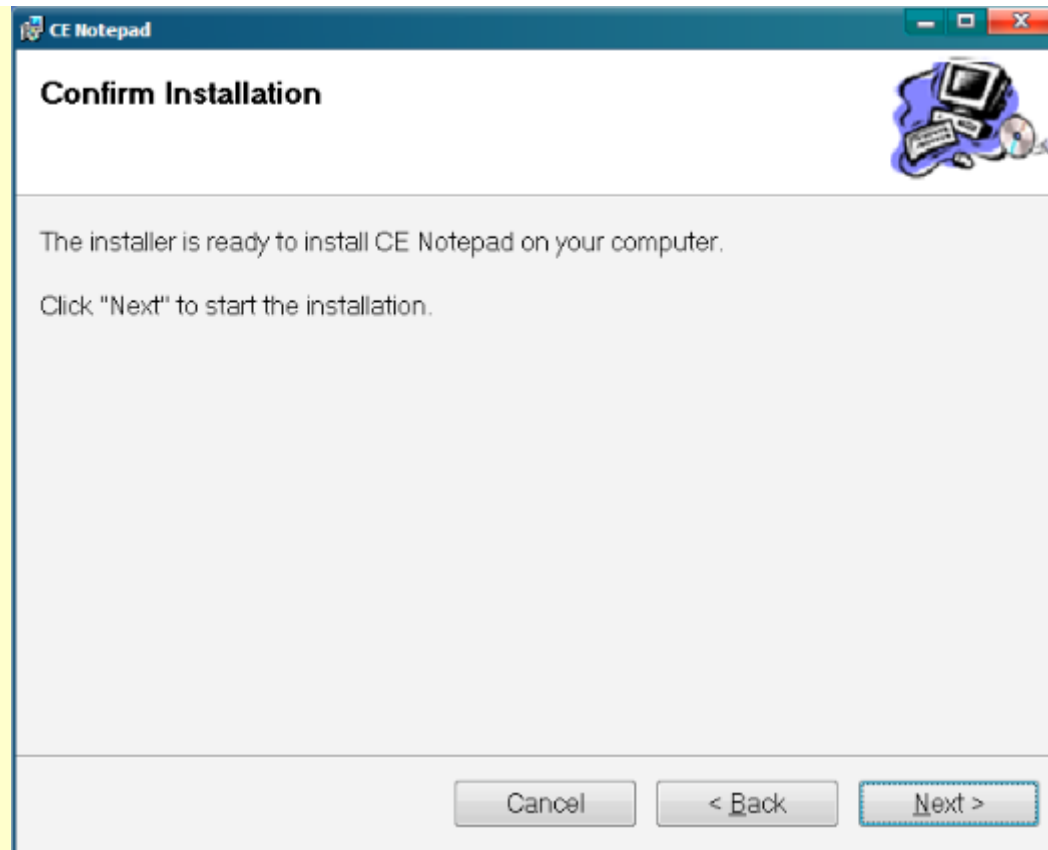

For example, you can double-click **Setup86.msi** to install it if your computer is 32 bit.

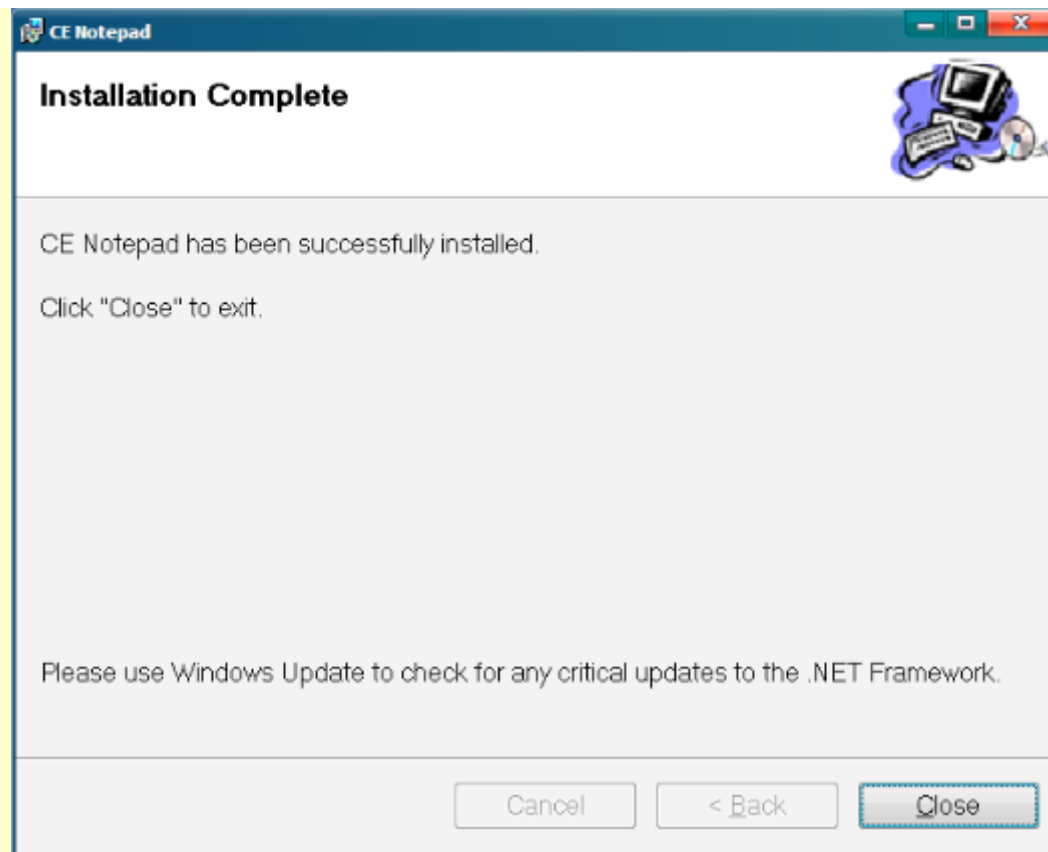

This is the wizard of installation. Click "Next" button.

Usually, you do not have to change the folder. Besides, everyone can use it by default. Click "Next" button again.

Finally, you can click "Next" button to start installation.

After installation, you can close this wizard. It has been installed in your computer successfully. You can start the software on [Start] menu.

Preface

Windows Notepad is indeed a convenient editor, you can use it to edit many text files. However, it cannot satisfied the demand of many people.

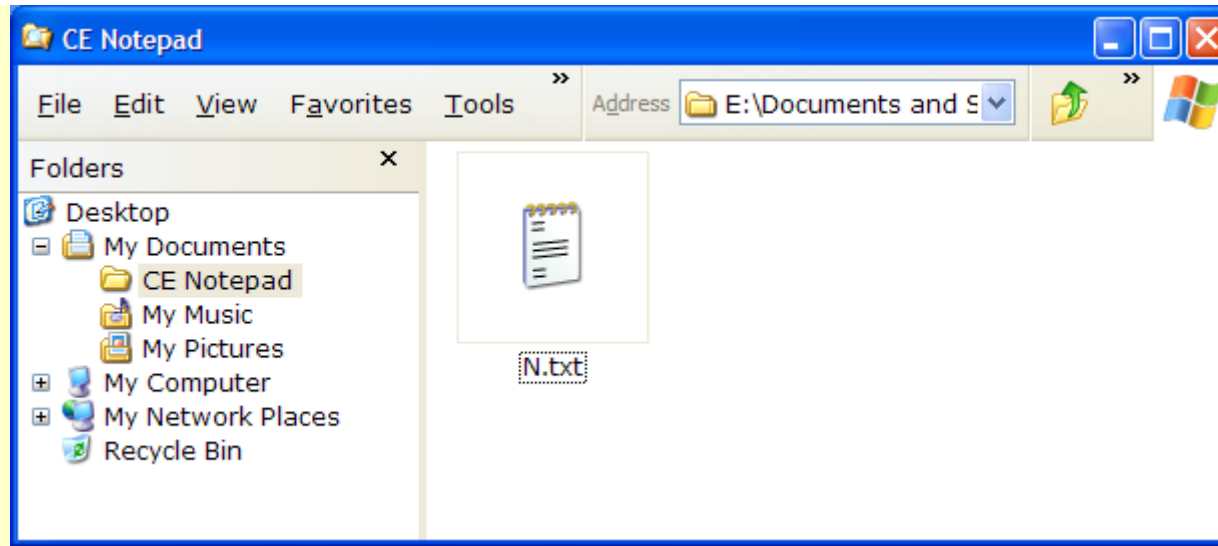

Therefore, CE Notepad™ provides the functions, which *Windows Notepad* does not have. It has the instant preview, autosave, exit-save and word count functions.

Note: This text editor is designed for ordinary people. It is not suitable for Web or software developers. You can use it to edit ordinary words or articles.

Instant Preview

CE Notepad™ has an upper box and a lower box. You can write down your words in the upper box. Then, you can click the upper text box or press **<Ctrl+W>** key to preview the content in the lower box. Besides, you can see the word count in the title bar. It shows the amount of characters.

To save the content by hand, you can press **<Ctrl+S>** key. The content will be saved as a .txt file.
The location is:

My Documents\CE Notepad\N.txt

Its encoding is UTF-8. As a result, all the characters cannot be lost.

Autosave

Ten Minutes

Every ten minutes, it will save your content automatically.

Tip: It does not save if the upper box is empty. This is the protection mechanism. It prevents covering the existent content in the file.

Notice: You should not use multiple windows, although CE Notepad™ supports them. It may different contents in different windows will be saved in the same file.

Exit-save

Except for autosave, it has the function of exit-save. It means that when you exit the program, it will save your content directly.

It means that you do not have to save the content before exiting program. CE Notepad™ will save the content for you before exiting.

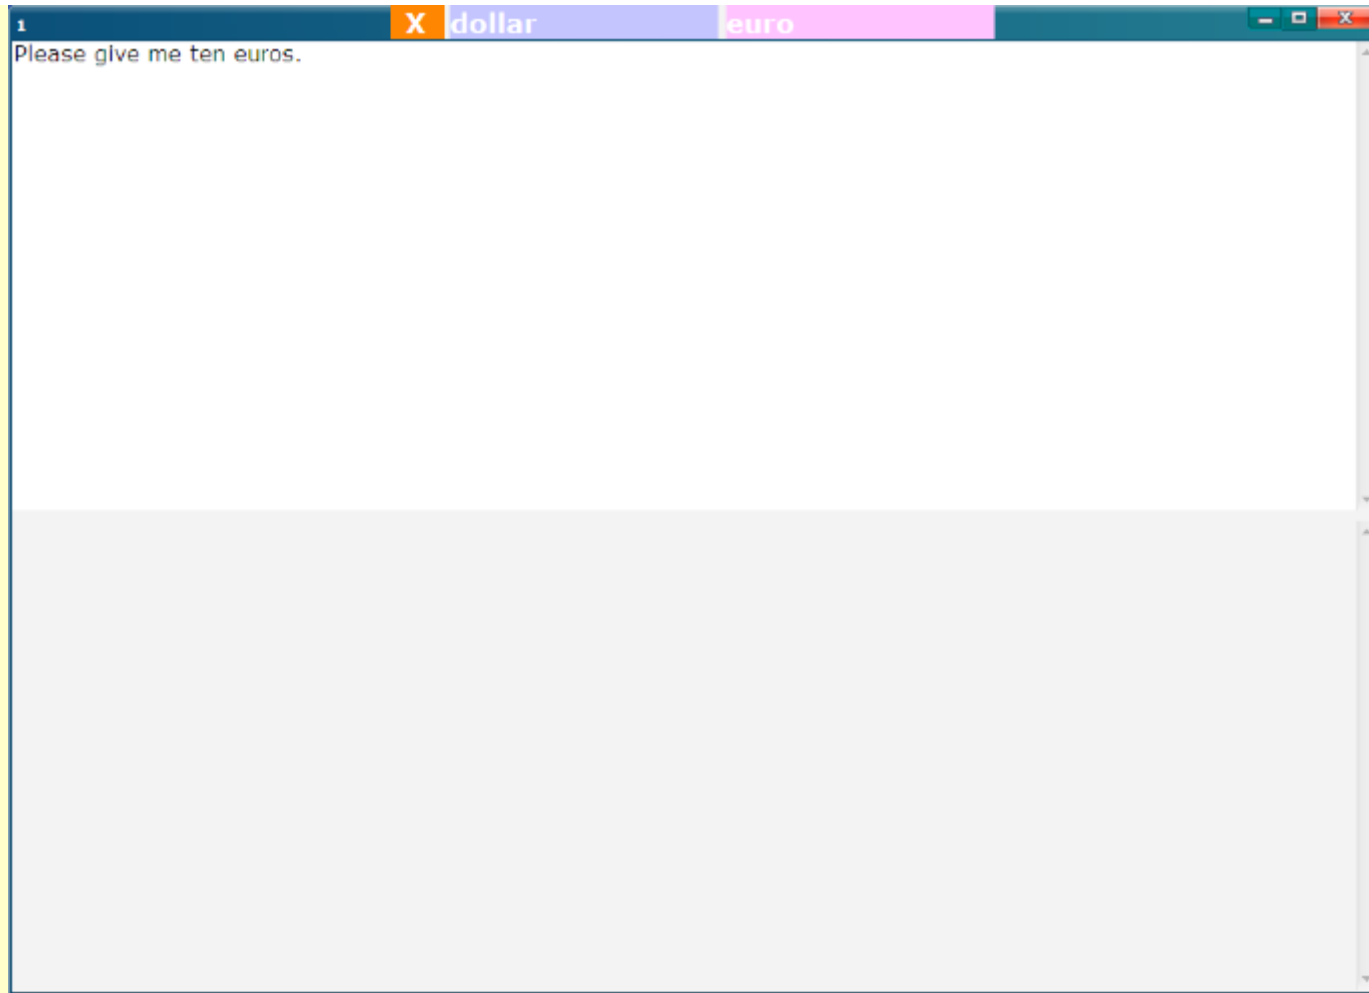

However, this function does not just provide convenience. In fact, it is a protection mechanism. Your computer may not be stable, because of virus or terrible power supply. CE Notepad™ saves your content to the hard disk before collapse or sudden close.

Find & Replace

You can press **<Ctrl+F>** key to open the find window in the title bar. Then, enter your keyword in the left blue box and press **<Enter>** key to find all the matched word in the content box one by one. You have to press **<F3>** key if you need case-sensitive words. Note that the title bar shows the count

when finding.

To replace the words you have found, you can enter your new word in the right **pink** box and then press **<Break>** key.

Tip: You can use your left hand to press **<Enter>** or **<F3>** key to find words, and then use your right hand to **<Break>** key replace words conveniently.

Invisible Mode

Sometimes, you need to leave your computer for a while. You may have to get reports, drink coffee, or go to toilet temporally. Definitely, you do not want others to see your contents, because they may be sensitive.

In this case, you do not have to save the contents and exit the program, and then restart the program and continue to edit the contents. Through the invisible mode, you can hide all the windows behind the desktop.

You can simply click the “Desktop” icon on taskbar. Alternatively, you can press **<Win+D>** key.

Tip: **<Win>** is the key, which has the logo of Microsoft.

All the windows will disappear immediately, without leaving any vestige. It is the magic of this software. You do not have to worry about the contents after the disappearance. The contents will remain inside the windows.

After clicking the “Desktop” icon or press **<Win+D>** key again, you can see all the windows for the second time.

Shortcut Key

You can press shortcut keys on your keyboard. Combination keys mean that you keep pressing the first key and then press the second key. For example. **<Ctrl+A>**: Keep pressing **<Ctrl>** key and then press **<A>** key.

<Tab>: Shift the cursor between the find and replace boxes.

<Ctrl+W>: Preview the content and show the word count in the title bar.

<Ctrl+F>: Open the find window.

<Enter>: Find words, which are not case-sensitive, when the cursor in the find window.

<F3>: Find case-sensitive words when the cursor in the find window.

<Ctrl+S>: Save the content as a .txt file.

<Ctrl+M>: Minimize the window.

Security

CE Notepad™ is secure software:

It does not contain any virus, spyware, adware or advertisement. It is clean and pure software.

It does not contain any ActiveX, BHO, toolbar, or other plug-in.

It does not change the homepage or adds contents inside your browser.

It does not use third-party components. All the functions come from original codes.

It does not use Registration Code to lock hardware.

It is totally offline. Anyway, it will not access the Internet for registration, verification, update, upgrade, error report or other purposes.

It does not record your content in the software.

It does not run automatically after you start the computer.

It locks itself when running. Virus or hackers cannot use it to attack the computer.

You can install the software (Installation Edition). Definitely, it has to write basic data in the Windows Registry and hard disk. However, the data will be totally removed from Registry and hard disk after uninstallation.

Quality

CE Notepad™ is high quality software:

It does not have any bug, error or loophole. From programming to testing, it has strict quality control. It uses C# 2.0 as the programming language to guarantee the security of memory when the software is running. It will never cause *Memory Leak*.

It works stably. It runs without collapse.

It works on the background, and does not influence Web pages and other programs at all.

Its interface has been designed carefully. The operating system cannot be hurt even users operate this editor mistakenly and blindly.

It requires a little resources of CPU and memory.

Purchase

This software is not free. Enterprises, governments, commercial organizations and individuals have to pay in order to use this software. However, CE Notepad™ is not conventional software. The following items show the differences.

1. It is one-time license.

You do not have to pay for new versions year by year. This software contains all the fees of future update and upgrade. After purchase, you can get the new versions for free.

2. Individuals do not have amount limitation.

Enterprises have to pay according to the amount of computers. CE has to provide long-term service for employees. This service requires invisible costs. Old employees will leave and new employees will join. As a result, the software can only be sold to enterprises according to the amount of computers. However, individuals do not have the amount limitation. As an individual, you can install unlimited copies for you and your families. The limitation is that you cannot use it for enterprises or in public computers. Except for your families, you cannot transmit it to other people.

3. You do not have to pay online.

You can use cash to pay through banks. You can directly use remittance of cash through banks. As a

result, you do not have to worry about hidden fees or insecure credit card payment online. The Internet is full of spyware and virus. Definitely, you can pay online through your bank if you wish. CE does not use third party tools. It just uses the banking account.

4. You can get long-term technical support.

Software companies just give you an registration code after purchase. They do not know who buy it at all, and only provide short-term supports. Unlike software companies, CE provides long-term technical support and through email after purchase. CE will support your work for long period.

Note: CE works in Beijing, China. The time zone is different. Therefore, CE cannot provide instant support like telephone or MSN. Besides, CE does not employ many people. CE may not reply all the emails within twenty-four hours on working days. Finally, weekend and holidays are not included.

Q: Why the basic information is necessary?

A: It helps CE to recognize you after purchase. CE has to enter your information in the database, and provide technical support for you. Besides, you may get discount in future, if you continue to buy the software of CE.

Q: Can I resell the software to others?

A: No. Anyway, you cannot resell the software after purchase. CE only provides long-term update, upgrade, and technical support for its customers and clients. CE will not serve third-parties.

Q: Can I use it for small office or home office?

A: Yes. It does not limit commercial purpose of individuals. SOHO can be assumed as personal use, although it has commercial factor. You do not have to buy two copies.

To buy this software, you should contact CE through: casualengine@yahoo.com

You can also send your concern about this software to this mailbox. CE will reply them, even you do not buy it finally.

FAQ

Q: Can CE Notepad™ open files?

A: No. CE Notepad™ cannot open files directly, because it may delete your current content. To edit existent content of a file, you have to double-click and open it and then copy the content to CE Notepad™. This is also an protection mechanism. You can remain the original content, instead of editing it directly.

Terms of Use

CE Notepad™ END-USER LICENSE AGREEMENT

By using this software, you are agreeing to the terms of this license.

This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or a single entity) and the mentioned Author (Casual Engine) of this Software for the software product identified above, which includes computer software and may include associated media, printed materials, and "online" or electronic documentation ("SOFTWARE PRODUCT"). By installing, copying, or otherwise using the SOFTWARE PRODUCT, you agree to be bounded by the terms of this EULA. If you do not agree to the terms of this EULA, do not install or use the SOFTWARE PRODUCT.

All versions of the SOFTWARE PRODUCT are protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The sole property belongs to Casual Engine. The SOFTWARE PRODUCT may not be sold in any manner not described herein without the prior written consent of Casual Engine.

1. GRANT OF LICENSE.

This EULA grants you the following rights:

License to.

The SOFTWARE PRODUCT license to enterprises and individuals for commercial and non-commercial purposes. Any purpose of the formal edition, you must purchase from Author before using it.

Installation and Use.

You may install and use an unlimited number of copies of the SOFTWARE PRODUCT for personal and familial use.

Reproduction and Distribution.

You may reproduce and distribute an unlimited number of copies of the SOFTWARE PRODUCT for personal and familial use; provided that each copy shall be a true and complete copy, including all copyright and trademark notices, and shall be accompanied by a copy of this EULA. Copies of the SOFTWARE PRODUCT may not be distributed as a standalone product or service or included with your own product or service. The SOFTWARE PRODUCT may not be included in any free or profit packages or products or service.

2. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS.

Reverse Engineering, Decompilation, Disassembly and Modification.

You may not reverse engineer, decompile, or disassemble the SOFTWARE PRODUCT and change (add, delete or modify) the resources of the compiled assembly, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation.

Separation of Components.

The SOFTWARE PRODUCT is licensed as a single product. Its component parts may not be separated for use on more than one computer.

Software Transfer.

You may permanently transfer all of your rights under this EULA, provided the recipient agrees to the terms of this EULA.

Termination.

Without prejudice to any other rights, the Author of this Software may terminate this EULA if you fail to comply with the terms and conditions of this EULA. In such event, you must destroy all copies of the SOFTWARE PRODUCT and all of its component parts.

3. COPYRIGHT.

All title and copyrights in and to the SOFTWARE PRODUCT(including but not limited to any images, photographs, animations, video, audio, music, text, and "applets" incorporated into the SOFTWARE PRODUCT), the accompanying printed materials, and any copies of the SOFTWARE PRODUCT are owned by the Author of this Software.

4. LIMITED WARRANTY.

NO WARRANTIES.

The Author of this Software expressly disclaims any warranty for the SOFTWARE PRODUCT. The SOFTWARE PRODUCT and any related documentation is provided "as is" without warranty of any kind, either express or implied, including, without limitation, the implied warranties or merchantability, fitness for a particular purpose, or non-infringement. The entire risk arising out of use or performance of the SOFTWARE PRODUCT remains with you.

NO LIABILITY FOR DAMAGES.

In no event shall the Author of this Software be liable for any special, consequential, incidental or indirect damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this product, even if the Author of this Software is aware of the possibility of such damages and known defects.

5. REGISTRATION

No registration of this SOFTWARE PRODUCT is required.
